## Principles of Nonviolence

Dr. Martin Luther King Jr.

1. Nonviolence is a way of life for courageous people.
2. Nonviolence seeks to win friendship and understanding.
3. Nonviolence seeks to defeat injustice, not people.
4. Nonviolence holds that suffering can educate and transform.
5. Nonviolence chooses love instead of hate.
6. Nonviolence believes that the universe is on the side of justice.

These principles are derived from "Pilgrimage to Nonviolence" in Dr. King's book Stride Toward Freedom.

We respectfully acknowledge  
that we live  
on the land of the  
Nation.

They have lived harmoniously with these lands and waters for countless generations before the onslaught of colonization. Like Indigenous Peoples across the Americas (and most of the world), they experienced genocide, ethnic cleansing, theft of their land and waters, and forced removal. Our ability to live, work and enjoy this area is connected to their deep loss.

We ask all in our community, including our governing bodies, to respect and to learn the true history of the lands on which we reside. We resolve to work with the people to build a shared, sustainable future for all.

## Hand-Crafted Peace Cranes

Crafted with traditional Japanese washi paper and natural stone, resin or metal beads. The backer card tells the story of Sadako, a 12 year old Japanese girl who developed leukemia after the US atomic bombing of Hiroshima. Despite folding over 1,000 cranes, a symbol of long life, she died at the age of 12. Her story continues to inspire people to work for a nuclear-free and peaceful world. Each crane is unique.
